Hi,
Rain, Rain, Go Away Come Again In Late July.
Wow have we had rain. Because of this the rain date in September will be ran. It will be a "Double Points" weekend. Everyone who registered for June 8th will get some credit. Our posted rain policy will be followed.

The Wild Card race is right around the corner. I have had calls from a lot of different people this year. Who knows what that will bring. Please come out and watch the different cars. We will be racing our normal program along with them on Sunday. Saturday will be the box and no box bracket race. And Friday will be Test-n-Tune. Come out and have a good time. Remember IHRA will be here if you have questions about memberships, licensing, or the world of racing in general.

Terri

Kelly Inn

Official Host Hotel

Help Us Please!

If you recall last year we had an incident where a car went forward and was not suppose to. We are thankful that nothing happened and everyone was ok. But this incident could have been dangerous. The car could have went backwards and hurt many people. We are asking for your help. Please stay **BEHIND** the solid yellow staging line to watch the race of your car or class. The open area behind the burnout box to the fence is not safe, many things can happen. This area is not a good hangout. If you are a pit member you may enter with your car only, a restricted band is required. Only race cars, bikes, sleds and tow vehicles in the staging lanes, please. All of us at Dakota Flat Track try our best to keep the main track area as safe as possible. Your help is greatly appreciated.

THANK YOU
to all the track
volunteers. Your time
and help is appreciated
more than you know.

Even though track officials are volunteers they are still an official. If a call would have to be made it has been discussed and the IHRA rulebook has been checked. Their call is official.

**Tech Bob~
Hope your
recovery is
quick!!**
