

## NEWS!!!!

I would like to put out a huge thank you to all of you for your patience. The IHRA race had its ups and downs. More downs than anything. I would like you to know that the IHRA officials did all they could to solve the problem but they ran out of ideas. I was on the phone with Daktronics Friday, Saturday, and Sunday of that weekend. They also had NO solution. Well, hopefully the interference is solved. We now have new sensors on the starting line and a Daktronics tech is here for Friday and part of Saturday.

---

Just a few reminders:

1. Courtesy Staging: whether you are here Friday or all weekend, please remember to courtesy stage. If you have questions on this ASK!!!!
  2. Restricted bands are needed in the staging lanes.
  3. Driver bands are mandatory!!!!!!
  4. If you are in the hunt for Summit Contingency money remember all the stickers you need. Some of the companies require receipt numbers, part numbers, or serial numbers. These requirements are set by the companies NOT Dakota Flat Track.
